Commercial Builders (2022)

Killeen-Temple ranks #9 of 25 Texas metros in nonresidential building construction activity.

This figure — 52 commercial builders in the Killeen-Temple MSA — reflects a sustained, infrastructure-driven expansion. The number is not an outlier but a strategic positioning within Texas, underpinned by the region's dual economic anchors: Fort Cavazos and the Baylor Scott & White medical corridor. This level of construction activity signals confidence in long-term demand for office, retail, and medical facilities.

01

Fort Cavazos Drives Construction Momentum

This is not a 'boom' — it is a 'buildout.' The market is not reacting to a trend; it is shaping one.

02

Healthcare Infrastructure Fuels Commercial Growth

The result is a market where commercial builders are not chasing speculative tenants — they are building for sustained, non-discretionary use.
